

TASK 4 / PRODUCT MANAGEMENT

PRODUCT REQUIREMENTS DOCUMENT

A clear blueprint for building Smart Parking Availability & Reservation.

PARKEASY

Smart Parking Finder & Reservation App

A visual case study • Beginner-friendly • Ready for submission

Turn the idea into something a team can build

The PRD translates the user problem into clear product behavior, requirements, and measurable outcomes.

Feature Card

SMART PARKING AVAILABILITY + RESERVATION

Purpose: Help users find and reserve parking quickly and confidently.

Target: Urban drivers, employees, students, shoppers and travelers.

USER STORIES

01	As a driver, I want to find nearby available parking, so I do not waste time searching.
02	As a driver, I want to see parking prices, so I can choose an affordable option.
03	As a driver, I want to reserve a space, so I know it will be available when I arrive.
04	As a driver, I want navigation, so I can reach the selected parking location easily.
05	As a driver, I want digital payment, so I can complete my booking conveniently.

FUNCTIONAL REQUIREMENTS

FR1	Detect current location
FR2	Search parking near destination
FR3	Show availability where data is available
FR4	Show name, distance, price, rating and hours
FR5	Select duration and reserve
FR6	Support digital payment
FR7	Generate booking confirmation
FR8	Provide navigation

How will we know it works?

BOOKING CONVERSION Searches that become completed bookings.	SEARCH SUCCESS Searches that find suitable parking.
AVERAGE SEARCH TIME Time required to find a parking option.	MONTHLY ACTIVE USERS Users actively using ParkEasy each month.
BOOKING COMPLETION Started bookings successfully completed.	USER SATISFACTION Post-use feedback or rating.

USER FLOW

OPEN APP → LOCATION → DESTINATION → PARKING → AVAILABILITY → PRICE → RESERVE → PAY → CONFIRM → NAVIGATE

Mini Wireframe

■ Current location City Center Parking 500 m • ■40/hour ■ 18 spaces available	■ Search destination... [RESERVE] [NAVIGATE]

PRD takeaway: The feature is successful when users can move from uncertainty to a confirmed parking space with minimal effort.
